

EUTOPIA

“LANGUAGES IN USE WEEK”

MARCH 2022

Invitation to participate

EUTOPIA's Languages in use week takes place from Monday 7 to Friday 11 March 2022. It's an opportunity for learners of French, German, Italian, Spanish and English (\pm B1/B2 language level CEFR) to have a virtual discussion to practise their speaking. We'll put you in small groups with students from other universities in the EUTOPIA alliance. We will take your suggestions for topics to get you started but you can take the conversation in any way you like once you've got going! The conversations will be recorded so that students studying Discourse Analysis can use them afterwards as research material but you don't have to be doing Discourse Analysis to join in – perhaps you just want to practise speaking, or are interested in the experiences of students in other countries!

This activity is organised by the EUTOPIA Learning Community “Text and Discourse Analysis”.
